

Mini Symposium – 19 August 11h00-12h30

A Meeting Room 201A	B Meeting Room 201B	C Meeting Room 201C	D Meeting Room 301	E Meeting Room 302	F Meeting Room 303	G Meeting Room 305A	H Meeting Room 305B	I Meeting Room 305C	J Meeting Room 307	K Meeting Room 308	L Meeting Room 310	N Meeting Room 311B	O Meeting Room 311C
Rural territorial dynamics in Latin America.	Changing rice policy landscape in the context of global agriculture.	Global agricultural trade rules in light of evolving global food systems.	New tools for modelling environmental change and local poverty, with application to rural China.	Geographical indications in the landscape of global agriculture.	A method to this madness: measuring the economic impacts of transgenic crops on farmers in developing countries.	Research Avenues for Non-Tariff Measures in Agricultural Trade.	Climate change and agricultural adaptations in developing countries: alternatives for analysis and action.	Market outlook and policy analysis: Differing uses of the "FAPRI Process" in Korea, Europe, South Africa and the United States.	Qualitative agricultural economics	Role of ICTs in linking smallholder farmers to markets: What do we know?	Structural change in Europe's rural regions - Farm livelihoods between subsistence orientation, modernisation and non-farm diversification.	Globalisation and regional integration of Northeast Asian agriculture: opportunities and challenges	Agriculture and rural areas in Central and Eastern Europe after the EU Enlargement: expected and unexpected developments
Chair: Alain de Janvry	Chair: M.A. Sattar Mandal	Chair: Alexander Sarris	Chair: Xiangzheng Deng Discussant: Jikun Huang	Chair: Georges Giraud Discussants: Dennis Sautier and Dirk Troskie	Chairs: Jose Falck-Zepeda and Melinda Smale Discussant: Jikun Huang	Chair: Thomas Heckelei	Chair and Discussant: Svetlana Edmeades	Chair: William Meyers Moderator: Ziping Wu Discussant: Sam Mohanty	Chair: Konrad Hagedorn	Chair: Rose Adhiambo Nyikal Discussant: Edith Ofwona-Adera	Chair: Judith Mollers Discussants: Csaba Csaki and Gertrud Buchenrieder,	Chair: Shoichi Ito Discussants: Ni Hongxing, Byung-Oh Lee and Keijiro Otsuka	Chair:; Szczepan Figiel Discussants: Katarzyna Zawalinska, Andrzej Kowalski and Imre Ferto
Understanding rural territorial dynamics in Latin America: A methodological framework.	The rice price crisis: causes and policy implications for food security. Presenters: Sushil Pandey	The political economy of agricultural policy: Global trends and future prospects. Presenter: Will	Mapping poverty in rural China: how much does the environment matter? Presenter:	Are geographical indications a worthy quality signal? A framework with endogenous quality choice.	Impact of Round-up Ready (RR) Soybeans in small-scale farmers in Bolivia. Presenter: Melinda Smale	Analyzing standards and regulations in agricultural trade: issues and challenges. Presenter:	Designing "bottom-up" response options for climate change adaptation in Latin America: experiences from Mexico, Peru and	US FAPRI Stochastic model Interactions between energy markets and agriculture in the US: a	The social construction of resources and the need for methodological plurism. Presenter: Andreas Thiel	The role of mobile phones in reducing transaction costs in agriculture value chains: some examples from	Driving forces of rural change in selected EU15 regions: Analysis of the experiences of past accessions.	Agricultural trade within North-east Asia: The Prospects from China. Presenter: Jun Yang	Volatility of agricultural prices in Poland before and after accession to the EU. Presenter:

Presenter: Alexander Schejtman	and Mark Rosegrant	Masters	Susan Olivia	Presenter: S. Monier-Dilhan		Simon Schluter	Uruguay.	stochastic approach.		Sri Lanka.	Presenters: Carmen Hubbard, Matthew Gorton and Axel Wolz		Szczepan Figiel
Mapping rural territorial dynamics in Latin America. Presenter: Julio Berdegue	The financial crisis and implications for rice food security. Presenter: Eric Wailes	Climate change and the future of global agriculture. Presenter: Dominique van der Mensbrugge	Pressure cookers or pressure valves: Do roads lead to deforestation in China? Presenter: Scott Rozelle	Models of geographical indication protection in Vietnam: facts, difficulties and prospects. Presenter: Dennis Sautier	Impact of insect resistant maize in Honduras. Presenter: Jose Falck-Zepeda	Theory: Trade, development and the political economy of public quality standards. Presenter: Thijs Vandemoortel e.	Adaptation to climate change in Sub-Saharan Africa: Adaptation strategies and investment options – Experiences from Ethiopia and South Africa.. Presenter: Rashid Hassan	Korean KREI Model Structural change in Korean agriculture with respect to Agricultural Trade Liberalization. Presenter: Dae-Seob Lee	Grounded theory: A research approach to wicked problems in agricultural economics. Presenter: Vera Bitsch	Information and communication technology (ICT) uses in agriculture and rural development in Sub-Saharan Africa: experiences from South Africa and Kenya. Presenters: Blessing Maube and Julius Okello.	How effective are topical policies for the future of small-scale farms in Central and South-Eastern Europe? A multi-objective approach. Presenters: Stefan Wegener, Jana Fritzsich, Gertrud Buchenrieder, Jarmila Curtiss and Sergio Gomez y Paloma.	Agricultural trade within Northeast Asia: The prospects from Japan. Presenter: Lily Kiminami	Changes in performance of agricultural production in Central and Eastern Europe after 2004: A productivity and efficiency study. Presenter: Masahiko Gemma
Rural territorial development dynamics in Peru: the role of public infrastructure and local heterogeneity. Presenter: Javier Escobal	The world rice market and food security. Presenter: David Dawe	Evolving structure of world agricultural trade and requirements for New World trade rules. Presenter: Alexander Sarris	Do roads lead to grassland degradation or restoration? A case study in Inner Mongolia, China. Presenter: Qiuqiong Huang	The emerging profile of geographical indications in the South: The case of Brazil. Presenter: John Wilkinson	Impact of insect resistant maize on small-scale farmers in the Philippines. Presenter: Jose Yorobe Jr.	Methods: An empirical strategy for measuring the effects of GMO regulations on international trade flows. Presenter: Mauro Viganì	Synergies between mitigation and adaptation to climate change: experience from Kenya. Presenter: Claudia Ringler	European AGMEMOD model Agricultural policy change in the EU: analysing the impact at Member State and aggregate EU levels. Presenter: Kevin Hanrahan	Grasping the institutional economics of bioenergy transactions with a qualitative case study approach. Presenter: Melf-Hinrich Ehlers	The digital provide: the role of mobile phones in improving efficiency of grain marketing in Niger. Presenter: Jenny Aker	Rural Labour markets in Europe: A comparative analysis. Presenters: Kristine Vna Herck and D'Artis Kancs	Agricultural trade within Northeast Asia: The prospects from South Korea. Presenters: Byung-II Ahn and Chan Ho Choi	The impact of CAP reform on rural employment in Hungary: Case of NUTS 2 region, Southern Great Plain. Presenter: Csaba Forgacs

Rural territorial dynamics in Southern Chile. Presenter: Eduardo Ramirez and Felix Modrego	Medium-term global rice supply and demand outlook for rice. Presenter: Ssam Mohanty		Does spatial sampling remove spatial autocorrelation while preserving inferences from environmental data? The case of roads and forested areas in China. Presenter: John Gibson	Markets and property regimes: the case of Geographical Indications. Presenter: Estelle Bienabe	Impact of insect resistant cotton on small-scale farmers in Columbia. Presenter: Patricia Zambrano	Data: A new international initiative for the development of NTM Data. Presenter: Frank von Tongeren	Implications of climate change on food security in Bangladesh. Presenter: James Thurlow	South African BFAP model Combining stochastic modelling techniques with scenario thinking for strategic and policy decisions in agriculture. Presenter: Thomas Funke		Using ICT to integrate smallholder farmers into agricultural value chain: The case of DrumNet in Kenya. Presenters: Julius Okello Edith Adera and OLE Mbatia		East Asia FTA and agricultural sector: effects and implications. Presenter: Sei Kyun Choi	
					Consumer demand for genetically modified banana in Uganda. Presenter: Enoch Kikulwe					The eARN project: goals, status and the way forward. Presenters: Al Hassan, Ramatu and Julius Okello
